GUIDED ADVENTURE

Discover Tomelloso

Welcome families to Tomelloso, ideal destination for families looking for culture, nature and leisure. It is a safe city, comfortable for walking or cycling, with numerous parks, playgrounds and educational activities for children. Its cultural heritage and wine-making tradition are combined with a hospitable atmosphere and a programme of events and festivities designed for children.

Visit a family-friendly winery

Wine is an essential part of Tomelloso's identity, and visiting one of its wineries allows families to delve into this tradition in a fun and educational way. Some wineries offer adapted guided tours, where adults and children can discover the wine-making process together, including a tour of the underground caves with their enormous clay jars.

Nearby natural environment: Peñarroya Castle and Lagunas de Ruidera

A medieval fortress next to the reservoir of the same name, perfect for a short excursion where children can explore and learn history through play. To round off the day, the Lagunas de Ruidera, just 30 minutes away, offer trails, swimming areas, nature activities and unique landscapes. This natural park is a very popular destination for families, as it combines adventure, learning and direct contact with the environment.

Play and learn

Places such as the Constitución Park, with its slides, swings and picnic areas, or the Urbano Martínez Park, with tennis courts and ping-pong tables, as well as space for skating, invite you to spend hours of fun outdoors.

For its part, the Virgen de las Viñas Park offers a playground, picnic areas and easy routes for walking or cycling in the heart of nature. Also noteworthy are La Paz Park, Europa Park, close to the former, and Ramón Ugena Promenade, all of which have children's play areas where the little ones can play while their parents relax.
